AERIAL PHOTO-GRAPHS.

On July 23rd, several aviators from Chapter 919 flew to Preston MN (FKA) for the Fillmore County Airport Fly-In. A nice turn out with PERFECT weather! On the way over, voice contact was made between myself and Mike Thern. Communications was also established between Dan Bass and Rob Osell. And once that had happened, aerial (air-to-air and air-to-ground) photographs were able to be safely taken.

One VCR tape that I had purchased from the EAA is titled "Aviation Photography Made Easy". A good VHS tape covering the basics of aviation photography. If any Chapter 919 members wishes to borrow it, please let me know!

Here are a few of the photos taken by Dan and myself. Additional photos are on the next page also.

Oh...by the way. The omelets breakfast was great too!

Information from the Winona Airport.

The local FBO met with me to give me important information. "ONA" will now have a corporate jet making flights into and out of Winona often. We all need to be vigilant at ONA (and everywhere else!). Have a working aviation radio and strobe really makes good sense! Just FYI...

UNOFFICIAL EAA 919 WEBSITE...

My personal website has been updated with the current EAA membership, as well as with some other local pilots. Feel free to look at it at:

WWW.HBCI.COM/~rmarsole/

THIS IS NOT AN OFFICIAL EAA CHAPTER 919 WEBSITE! I offer it so that you can see current and past EAA 919 newsletters etc. Go ahead...check it out!
