Al and Ruthie awaiting their hot-dogs!

3rd Annual Hanger #8, Hot Dog Social a big success!

The **3rd Annual Hot-Dog Social** was again a success as almost to 40 aviators and friends gathered for a delicious grilled hot-dog! And besides the normal “business of EAA Chapter 919”, the group also listened to a super presentation giving by Keith Nelson, Winona’s City Airport Manager.

It was a perfect evening for this event. Nice temps, no bugs, a breeze, and great food brought by everyone!

Plan on attending the 4th annual event next year! Hanger #8, Winona MN Airport (ONA), 3rd Friday in Sept!

City Airport Manager Keith Nelson giving EAA 919 a complete briefing (see below) on planned expansion and improvements at the airport!

Four happy members!

The October Fall Color Fly-In Has Been Cancelled!

As can be seen in this newsletter, the 5th Annual Fall Color Powered Parachute Fly-In has been cancelled. This decision was made out of respect for those thousands of people affected. EAA 919, besides canceling this event, did make a very nice monetary donation to assist in the efforts to provide some hot meals to the people of Rushford MN. Our thoughts and prayers are with everyone involved in this disaster.

The fly-in WILL be held again in 2008 so MARK YOUR CALENDARS!!! October 10th—12th, 2008! We'll see you all then!

EAA 919 Chapter Meeting

The next EAA Chapter 919 meeting will be held on October 19th 2007, 7:00 PM at the Rushford Airport (55Y). Make it a date!

"Camp under the stars (or wings) weekend"!

Several local pilots are interested in doing a flight to a grass strip, and camping "under the wings"! Well the date has been set. Saturday Oct. 27th. And the location? None other then WS69, Log Cabin Airport at Mondovi WI!

Fly in (or drive in) with what you need for an enjoyable evening at one of the nicest grass strip airports in the area!

The FBO, Doug Ward said that people can even camp down by the river if they prefer. And if sleeping outside is not for you? Doug has some log cabins which you can rent for the evening if desired. If interested in a cabin, contact Doug at 715-287-4205. Cabins are limited (and beautiful!

So fire up your powered parachutes, Your ultralights, your experimental, your certificated aircraft. And bring your ground pad and your sleeping bag!

See you then!
