FAA PRIVATE PILOT QUESTION OF THE MONTH....

If there is thunderstorm activity in the vicinity of an airport at which you plan to land, which hazardous atmospheric phenomenon might be expected on the landing approach?

- 1> Precipitation static.
- 2> Steady rain.
- 3> Wind-shear turbulence.

Ryan SCW

Sept. meeting of EAA Chapter 919 is Sept. 21st at 7:00 PM.

The next meeting is the 3rd annual “Hot Dog Social” held at Russ and Helen Marsolek’s hanger (hanger #8) at the Winona MN Airport (ONA). Russ and Helen provide the grill, hot dogs, and buns. You bring your own chair(s), extra food, and whatever you wish to drink. The meeting begins around 7:00 PM with the food served whenever it is ready (usually between 6:00 PM and 7:00 PM).

Even if you don’t wish to bring food...SHOW UP ANYWAY! There is ALWAYS plenty of extra food!

There you have it. So walk, drive or fly to hanger #8 on Sept. 21st!

**** Newsletter Note ****

Due to the recent flooding in SE Minnesota, I think that many within EAA Chapter 919 have been VERY BUSY! Thus...the smaller than normal newsletter this month.

...And speaking of the flood.

A month or two ago there was an article about getting to fly in some unique aircraft during emergencies. Well, as a member of a rescue team located here in SE Minnesota, I was privileged to fly three times in a Black

Hawk helicopter last month!

What flights! Those Army pilots

were good, as they slipped through the 600’ valleys around here in search of a missing person.

Other local EAA 919 members also were involved in various local flood efforts with experimental aircraft as well as certified aircraft. Duties included damage assessment, photography, and other tasks.

Now the floodwaters have receded. And we can get back to a more enjoyable mode of flying. Called “flying just for fun”!

5th Annual Powered Parachute Fall Color Fly-In

Join us for some of the finest fall colors in SE Minnesota! Not to mention great camaraderie and friendships!

EAA Chapter 919 is hosting this annual event, again in Rushford MN (19 miles south of Winona MN) at the Rushford Airport (55Y). Don't have a PPC? Fly in anyway in whatever you have!

So here it is:

What: 5th Annual PPC Fall Color Fly-In

Where: Rushford Airport (55Y)

When: Oct. 12th, 13th, and 14th.
