MEETING NOTICE!
EAA Chapter 919 Monthly Meeting. 06-18-2010 at 7:00 PM at Hangar #7, T-Hangars, Winona Airport (ONA)

**Membership (single or family!)
(\$15.00 annually)**

Rich Adank **2010**
Wes Anderson **2010**
Dan Bass **2010**
Enoch Bennett **2010**
Al & Patty Berg **2010**
Russ & Denise Braatz **2010**
Bruce & Susan Publitz **2010**
Bill & Cheryl Davidson **2010**
Mike & Edith Davis **2010**
Al & Ruthie Farner **2010**
Lowell & Lori Finseth **2010**
Ren Foster
Fred Gleiter **2010**
Fritz Husser **2010**
Helen Hermann & Theresa Villarreal **2010**
Mike Kearns **2010**
Walt Kelly **2010**
Diane Kohner **2010**
Bernie Kriesel **2010 & 2011**
Tom Lee **2010**
Russ & Helen Marsolek **2010**
Steve & Barb Marsolek **2010**
Marilyn Matson **2010**
Dave & Roxie McCorquodale **2010**
Larry & Sandy Nelson **2010**
Rob Ossell
Tom & Marilyn Owen **2010**
Pdon & Glenda Pinkham **2010**
Gregg and Patti Reick **2010**
Chris & Susan Shoaff **2010**
Carl Swanson **2010 & 2011**
Max & Carol Tentis **2010**
Mike & Barb Thern **2010**
Allen & Laloni Thompson **2010 & 2011**
Daryl & PJ Thompson **2010, 2011, 2012, 2013, & 2014**
Roy Thompson **2010**
Larry Ziemer **2010**

A NEW YOUNG EAGLE!

Say hello to Alex Blanchard! Alex is now one of 1.6 million Young Eagles!

EAA 919 also sponsored a YE Event for the Pioneer group (see page #3) from St. Matthews Church and Trinity Church. Other than a late start....it was a great event!

And there will be more to come in 2010!

THE BUSINESS PAGE

EAA Chapter 919

Minutes of meeting held 5-21-2010.

The meeting was held at the Rushford airport.

Meeting was called to order by Russ Marsolek at 7:25 PM.

Minutes of the April meeting were approved as printed in the May newsletter.

Treasurers report recorded a balance of \$2908.51

New Business:

It was moved and passed that the Chapter will sponsor three (3) women for the Woman Soar program at \$50 each. Britt Emmons, daughter of Tim & Jenny Emmons, is to be included as one of the three.

Discussions:

It was suggested that the Rushford airport obtain a DVD player. Gregg Reick had generously donated a converter box and Patty Berg will donate the DVD player.

Big Brother, Big Sister organizations- would we donate a plane ride? Mike Thern had said he would pursue it further.

Meetings:

June 18, 2010 Chapter Meeting at Winona Airport, Hangar #7 Al & Patti Berg Program Bill Davidson

Meeting was adjourned at 8:10 pm.

Submitted by Diane Kohner, Secretary.

The weather!

Winona MN. Weather Almanac.

June average high temp 81°. June average low 60°. Record High 104° in 1988. Record Low 35° in 1937.

CHECK THIS OUT!!!

A small electric aircraft concept named "Puffin" has been created by an engineer from NASA. The aircraft also has the ability to take off and land from a vertical position. The small aircraft that can only be loaded by one person might soon occupy your garage.

The zero emission aircraft designed for personal flights will be able to fly with maximum speed up to 241 KPH. The Puffin designer, Mark Moore, claims that the aircraft battery will be able to bring the aircraft up to 80 km distance. This small aircraft only has 136 kg weight and 45 kg of battery weight. The length of the aircraft is 3.7m and the wingspan width is 4.4m.

The unique one of the plane is that the passenger position is standing parallel to the plane's position when going off. The plane will take off straight up, then as the straight forward position, the position of the passenger is prone position facing the front glass.

The four legs of aircraft tails support the aircraft's position to be able to stand when willing to take off or landing and it will closes during flight. The aircraft planned to launched in the next few decades.

Newest EAA 919 Young Eagles!

On May 22nd, EAA 919 helped 26 young people become Young Eagles! This group of "future aviators" were all from the Pioneer Youth Group of St. Matthews Church, Winona MN and Trinity Church of Goodview MN.

The event started at 8:00 AM with some ground school, presented by Rich Adank. Then, it was just a matter of waiting for the fog to lift. And at about 10:20 AM the first aircraft was able to get airborne.

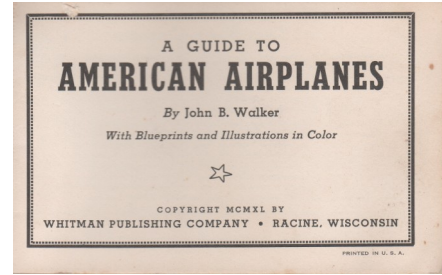

Thanks to the five pilots and all of the ground support staff for making this a very enjoyable morning for these kids. But as one of the pilots stated, they (the pilots) had even more fun then the Young Eagles themselves!

Thanks again everyone!

What a great little book to acquire!!!

Introduced by a famous designer, this trim and fast two-place Luscombe is making great strides in popularity.
SPECIFICATIONS—Wing span 32' 1". Length 20' 11". Height 6' 6". Weight empty 950 lbs. Useful load 765 lbs. Baggage 125 lbs. Fuel 30 gals. Oil 2 gals.

PERFORMANCE—Powered with a 90 h.p. Warner "Scarab" Jr., the Luscombe has a maximum speed of 136 m.p.h., cruises at 120 m.p.h., and has a range of 800 miles. Rate of climb 850 ft./min. Service ceiling 15,000 ft. Manufactured by Luscombe Airplane Corporation, West Trenton, New Jersey.

56 •

As many of you know, I take a lot of aerial photographs. Many times it is for just me and many times I am out photographing a home, farm, or business for someone else.

About a month ago a gentleman stopped by "Hangar 8" and asked me if I would take some pictures of "Denzer's Meadow" for him. Well...of course I would! So I took the photographs, printed out one nice 8 1/2 X 11, and burned him a CD of all the shots taken during that flight. Then I sent the goods to his home.

He stopped by again today to "settle up". Well...all I ever charge is "a few kinds words and a smile". The gentleman however was not about to "just pay that amount", so here he produced an old 1940 book, which he insisted that I keep his donation. **WOW! I love it!** So much in fact that I have scanned one page for each of the remaining 2010 newsletters (see above)! I hope that you too enjoy it!

RLM

New EAA 919 Young Eagles Coordinator needed!

Rich Adank (longtime EAA 919 YE Coordinator) has asked that I try and find a replacement for him, as the chapter YE Coordinator. Rich is involved in many other worthwhile groups and while he really enjoys the YE events, his time just does not permit being as active as desired to be for this program.

If any EAA 919 member wishes to take over the role, please email me your contact information at: rmarsole@hbc.com

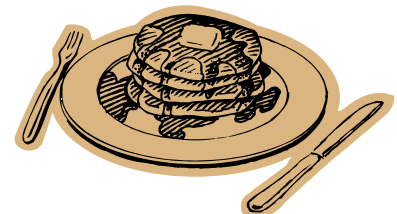

Or mail me at:
Russ Marsolek
1176 West 5th St.
Winona MN 55987

Rich...thanks for ALL that you have done in the past as the YE Coordinator!

Caledonia MN Fly-In (CHU)

June 27th, 2010

PIC is free!

She Flies

In May of 2010, N701FH took to the air. And she flew beautifully!

Owner and builder Tom Lee of Winona met a person at Oshkosh last year that was very familiar with CH-701's. And that person came to Winona to give Tom's plane a look-over. All systems were "go" when the plane was taken out to Runway 36, and then over to Runway 12 for some crow hops.

Watching the plane roll onto the runway, hearing the smooth "912" go to takeoff RPM's, and seeing the aircraft lift off was a great sight for everyone.

Way to go Tom! We'll be looking for an article for this newsletter from you as to how the plane is doing during your initial flight time in the area!

Beware of this interesting "hazard" at ONA!

Believe it or not, but this past weekend while landing on Runway 18 in Winona, I spotted the usual geese in the grass. But that is not the hazard I am referring to in the title of this story. About 5 seconds after touching down I had to swerve to avoid.....a 15# Snapping Turtle crossing the runway!

Can you imagine what that would have done to my nose gear on the Challenger?

So now we have to watch for ducks, geese, deer, coyote, and yes...even turtles!

EAA 919 JUNE MEETING

The June meeting will be held at Al Berg's hangar (hangar #7, T-hangers, Winona Airport) beginning at 7:00 PM.

There should be plenty of sunlight to do some flying before and maybe even after the meeting!

Please bring a chair to sit on. The three main topics of business will be the upcoming Rushford Days Fly-In, Young Eagles, and Airventure!

See you all there!

EAA Chapter 307 Fly-in/Drive-in Chicken Que

We encourage you to fly your experimental or antique aircraft to our chicken-que but we welcome all aircraft of any type

Come and enjoy the best barbequed chicken available, prepared by EAA Chapter 307's fabulous grillers and see if you don't agree that it is the "best" you ever tasted.

When: Sunday, June 13, 2010

**Where: Holland Air Park
N8730 Garfield Rd
Holmen, WI 54636**

Time: Noon to 3 pm.

12 and older	\$7.50
5 to 11	\$5.00
Under 5	Free

Chicken, hot pork sandwich or hot dog, drink and all the trimmings.

PIC can get a free meal. Ask

Holland Air Park

Located on both the Green Bay and the Chicago sectionals.

Identifier: 36WI

Runway: 18-36 paved

3200 ft. long x 50 ft. wide

Announce arrival on 122.9
